PROFESSIONAL PROFILE

UX Designer with more than 16 years' experience across both digital and print platforms with key design skills in UX, HCD, UCD and GUI. Intellectually curious and champions user-centred design (UCD) processes and techniques with a quality focused approach to brand development. Possesses strong communication and interpersonal skills complemented by strong client relationship management skills and proven experience leading and facilitating client workshops. A passionate mentor of students to aid the development of next generation leaders. Proven experience to collaborate across multi-disciplinary project teams to achieve shared objectives and deliver creative and innovative solutions. I am now officially an Architectural Junkie as I have completed studies in Architecture and Urban Design.
